The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

The difference between

Reference and

Creative media

is their direction

The seller's efforts to stimulate demand is well carried by outgoing, extensive, display media, but—

he should remember that initiative rests with the buyer, and when the hunt for the goods begins, creative media which may have built up the demand, are at a disadvantage.

It is the difference between coming and going.

The creative advertising is going after the prospect, to make him want to buy, but when you have him coming, reference media should be used to connect the demand with the local supply. Every effort should be made to direct the demand to the goods advertised, at the point where they may be seen.

It is here that reference media, directories, find their logical place in the cycle of the sale.

Mr. H. J. Farnham, General Manager,
The Price & Lee Co.,
224 Market St.,
Newark, N. J.

Dear Sir:-

Many thanks for your esteemed favor of Sept. 23rd. and your good will toward us in offering to furnish a Newark City Directory for use in our Directory Library.

Our Library comprises 250 directories and is located in the center of the Chamber right near the information desk. This desk supplies information to upwards of 1000 people daily, all of whom are familiar with the Directory Library and many of whom make valuable use of it. We consider this one of the most important services that we render the general public; and inasmuch as San Diego is the "Birthplace of California" the place where western civilization began, this city is naturally a mecca for tourists as a consequence of which our information bureau and our directory library are of relatively greater use than they would be in any similar organization on the entire Pacific Coast.

We will therefore greatly appreciate having a copy of your directory and you may be sure that it will always be readily available to the general public.

Respectfully yours,

Executive Secretary.

IF there is a possible circulation of upwards of a thousand people daily in San Diego, California, what must the circulation be at intermediate points?

Directory libraries are maintained in all principal cities.

The Mutual Benefit Life Insurance Company

18451922

of Newark, New Jersey

Frederick Frelinghuysen, President

THE City of Newark today ranks with the foremost manufacturing and industrial centers of the United States. It is recognized throughout the country as the city of diversified industry. Newark is noteworthy also as the home of several of the foremost insurance companies of the country.

The Mutual Benefit Life Insurance Company has always had its home in Newark, having been organized by Newark citizens over three-quarters of a century ago in the year 1845. It was founded as a purely mutual institution. Successive managements of the Company have adhered to the principle of mutuality, being dominated by the one ideal conveyed in the words MUTUAL BENEFIT. The sole purpose of the institution has been to serve the policyholders. A new policy contract has been adopted this year, benefits under which so far as possible have been extended to all old policyholders.

Send for information regarding the monthly income features of the new policy contract.

Reference Advertising

ONE year is the life of a City Directory. Every day in that year thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

FIRST: To improve the Directory business by the interchange of ideas, and by the exchange of competent employees.

SECOND: To protect the public against fraudulent advertising schemes operated under the name of directories, and to drive the promoters of such out of the business.

THIRD: To provide permanent and continuous employment for honest and faithful directory canvassers.

FOURTH: For the mutual advancement of the established and prospective interests of all who may become members of the association.

\$100 REWARD

The Association of North American Directory Publishers will pay the above reward for the arrest and conviction of any one soliciting or collecting money on Fraudulent directories, provided the conviction results in imprisonment of not less than six months. In case of arrest immediately telegraph E. J. Loranger, 125 Church Street, New York City.

The Newark Evening News ranked fourth among the newspapers of the country in volume of paid advertising published during the year 1921 in week-day editions.

General advertisers recognize the Newark territory as an ideal field for trial campaigns. It contains the greatest concentration of population in the United States (1920 Federal Census), and is effectively covered by one newspaper, the Newark Evening News.

The Service Department of the Newark Evening News is equipped to co-operate with general advertisers in promoting the success of campaigns released in the Newark territory.

Of 197 purchasing agents of industries of national repute located in the Newark territory a personal investigation discloses the fact that 183 are regular readers of the Newark Evening News.

The guaranteed net-paid circulation of the Newark Evening News is the largest by a wide margin of any morning, evening or Sunday newspaper published in the state of New Jersey.

New Jersey Freie Zeitung

The only German Daily paper in the State

[illegible]

Published Every Morning

(Established 1858)

[illegible]

DAILY AND SUNDAY for Sixty-four years the "Freie Zeitung" has been an ever welcome morning visitor in the homes of the thousands of German-Americans throughout this city, county and state.

As a first-class family newspaper, with a capable staff, and the Associated Press telegraph and cable service, it has a powerful influence, its editorials and news matter being widely quoted and copied by other newspapers.

As an advertising medium, the high quality of its home circulation, and the fact of its having an exclusive field, produces excellent results for stores, real estate agents, banks, and every good, honest proposition, as its perpetually well filled advertising columns plainly testify.

Newark is a German-American city, and any advertiser who attempts to cover it without using the German-American newspaper deliberately cuts himself off from the business of a very large proportion of the population.

The Price & Lee Company,
224 Market Street,
Newark, N. J.

Gentlemen:-

In reply to your request for suggestions which would increase the value of the Newark City Directory, beg to advise that we have found your past issue about as perfect as a directory can be made.

It will no doubt be of interest to you to know that the classified business directory is referred to many times a day in this office, and while it is complete the information contained therein is necessarily so lacking in detail that probably the most valuable section of the book is the classified advertising in the front section.

We have many kinds of manufacturers. Some make a standardized article, while others accept contracts to manufacture on specifications. The only place where this distinction can be found conveniently is in the advertising section of your book. It would also be a benefit if manufacturers advertising in this section would show pictures of the articles they make so far as possible. The best advertisements of this nature are those which fully describe the services or products of an industry in the City Directory, which is the first place to which a man turns to find such information.

With best wishes for the 1920 directory, we are,

Yours very truly,
THE BOARD OF TRADE OF THE CITY OF NEWARK

A MODERN PLANT can sell its products, with a fair profit, for the same price that it costs a plant with old machinery to produce.
Should you be desirous of learning just why the products of OUR plant and our service surpass others in quality and price, you are welcome at any time to visit us and see our modern machinery in operation.

Reference Advertising

ONE year is the life of a City Directory. Every day in that year thousands of business men all over the country search its classified sections to find where nationally advertised goods may be purchased. City Directory ("Reference") Advertising is the completing girder in the bridge between dealer and consumer, and should be part of all national and local campaigns.

GUARANTEED 99½% PERFECT

This book is as correct as our almost one-half century of making directories can make it.

One hundred per cent perfection is our aim and ideal, but we are not fooling the public or ourselves that this has been attained.

Ever since Adam succumbed to Eve, perfection is at least one half of one per cent from "arrived".

To disprove our claim it would be only necessary for one to find at least *fifty* errors or omissions for every *ten thousand* names, over twenty years of age, in the alphabetical section, who have been residents of this community for at least one year prior to publication.

The first one who can accomplish this, and forward the same to our address, will receive the next publication gratis.

ROMANCE IN NEWARK DIRECTORIES

From the "LIBRARY"

A magazine devoted to the interests of The Free Public Library of Newark.

Romance is a capricious dame and hides in unexpected places. Would you suspect this file of old Newark directories to be one of her hiding places? Look at them through the glass of imagination and you will see her peeping from every page. The oldest in the file is 1835-6, a tiny volume of 100 pages, 7½ in. by 4½ in., printed when the population of Newark was only 18,201.

The Morris Canal was three years old and furnished the bulk of the coal consumed; the New Jersey Railroad and Transportation Company was one year old and carried on an average of 7,584 passengers a month, and the city was promised that within the next year the road would be completed as far as New Brunswick.

This little book must contain the names of many veterans of the Revolutionary War—men who lived through the years which saw the French Revolution, and the rise and fall of Napoleon. One wonders, scanning the pages, what the lives and thoughts and aspirations of these people were. Of one thing we can be certain and that is that the feminine nature has undergone no change from that day to this, for the "Ladies' and Gentlemen's Hair-cutting and Curling Establishment" specially advertises "Curls made to order."

Each succeeding year sees the population grow and the size of the volume increase, but each one is still the same interesting human document. Lawyers without end consult them in their search of deeds, families have looked them over carefully, for the last recorded address of a missing relative; and one searcher found a pathetic story in the course of his quest; John Smith—we will call him—in a modest occupation at a modest address; then a few years later on, in a more pretentious business at a more pretentious address; then in a partnership with another man; then alone in large type, a prominent man; then later again in small type; then the name gone, and Mary, widow of, recorded, also a son, at the same address. Finally the son's name gone, and the story finished.

PUBLISHER'S NOTE

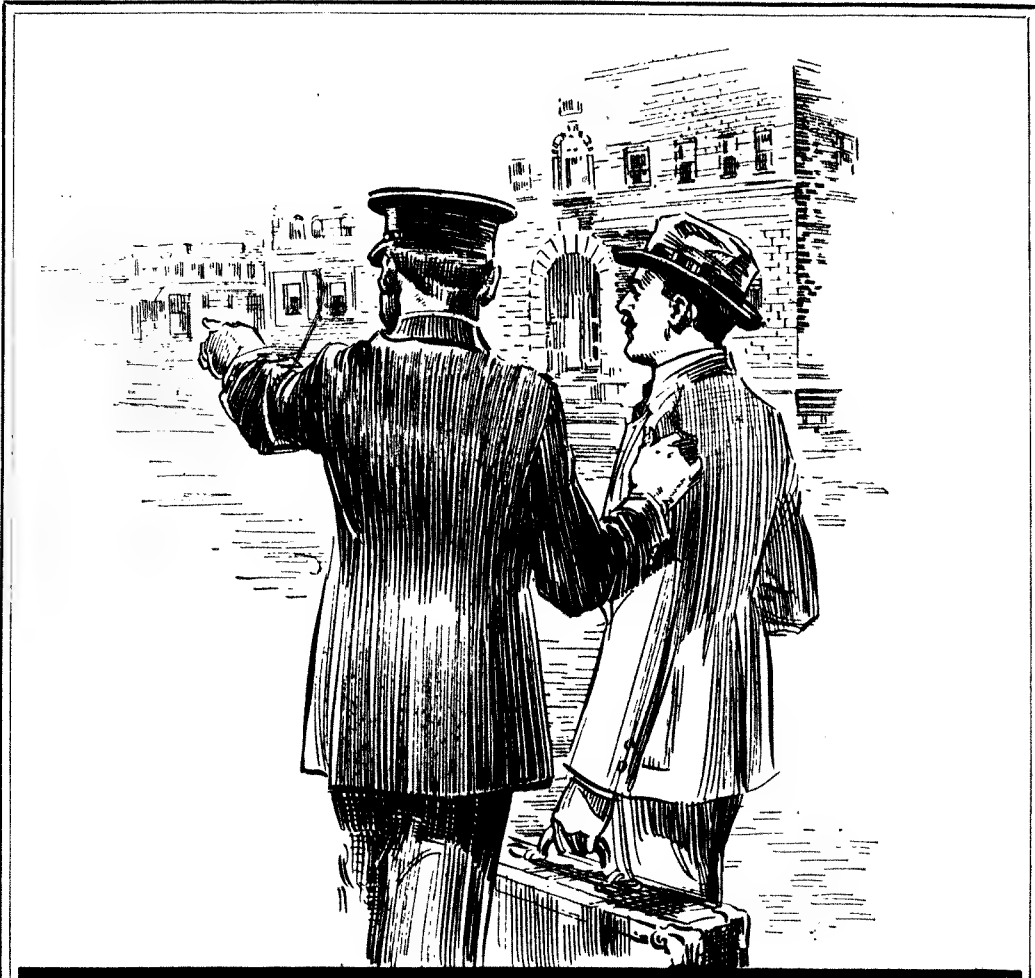

If the new feature (pink section) had been in the early directories, you would have known the exact location of "John Smith's" house, whether it was on the right or left side of the street, and how far it was from the corner. You could tell who his neighbors were during any period of his life that his name appeared in the directory, any of these neighbors might have been able to tell you the son's next place of residence and from the directory published in his new location, on file at The Business Branch of The Free Public Library, 15 Beaver Street, or in our file at 224 Market Street, this little "romance" might have been continued to the present day.

More Business—Less Energy

Knowledge Plus Dollars.

CLARK, HALL & PECK
ATTORNEYS AND COUNSELLORS AT LAW
NEW HAVEN, CONN.

May 15, 1915

THE PRICE & LEE CO.,
206 Meadow Street,
New Haven, Conn.

Gentlemen:

We desire to give expression to our appreciation of the house directory which is now a feature of the New Haven Directory.

We have used this new convenience very extensively and we consider it a time saver worth HUNDREDS OF DOLLARS. We congratulate you upon the ingenuity, resource and enterprise which gave expression to this discovery.

Very truly yours,
(Signed) CLARK, HALL & PECK

"Worth Hundreds of Dollars"

came from Knowledge of the House Directory and Street Guide in the City Directory.

Impress the following facts upon your mind and the results obtained by this firm are *Yours*.

You have had this happen:

- received a name and street number by telephone, failed to understand the name or have the correct spelling, but get the address straight.
- have a person talk to you in a familiar way and not know who he is, though you know his address.
- know a person lives on a certain street, but cannot recall the name.
- Is there a telephone at a certain number?

These are every-day questions that it will answer

The following gives a particular need of every line of business:

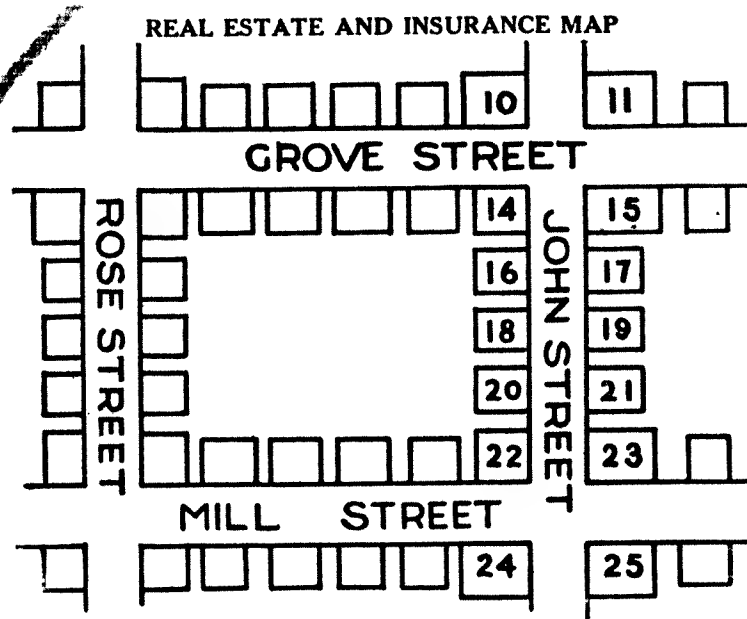

RETAILERS

Every individual name is a householder, representing the purchasing power of every family through which is distributed hundreds of dollars annually for Clothing, Shoes, House Furnishings, etc. You can easily connect with this immense purchasing power by a mailing list, subdividing sections to meet your requirements, or by personal solicitation, knowing the name of every party before you call. It also serves for social or elite lists.

REAL ESTATE DEALERS

It tells you the character of the neighborhood by its occupants. A valuable asset to the prospective buyer or tenant.

Use it with your real estate maps; it will tell you how many families live in the house; if there is any business and its character.

INSURANCE AGENTS

FIRE—Valuable with your insurance maps, telling the number and names of families and the character of business found in any building.

LIFE—Every name is a prospect, as it represents the head of the household, upon whom the future of his family depends.

A policy paid in any neighborhood has a certain influence on others. Check up your agents in any section and know if they are producing business pro rata to other districts.

LAWYERS

Unpronounceable names are correctly spelled from street numbers. To get information about persons or property in or about a certain number.

PHYSICIANS, UNDERTAKERS, COAL DEALERS

When street and numbers only are given, the Street Guide tells you the occupant. That knowledge before your obligations are assumed often-times eliminates embarrassment.

THE HOUSE DIRECTORY AND STREET GUIDE is valuable to **YOU** no matter what your business is. A thorough knowledge of its uses enables you to do **MORE BUSINESS** with **LESS ENERGY**.
